With Uplanders

FAMILY AFFAIR

Life moves steadily onward in our household and in other households as a new era unfolds. And a new era is constantly unfolding.

There is a letter or a long distance telephone call — or anticipation of visits, now that the former children in the household have gone on to their own positions in life.

"They are in such an interesting age," one friendly observer told us some years ago when the young members of the family were getting well along through the elementary grades. She was right then — and she could make the same observation today.

A long distance telephone call came Sunday from our son with thrilling observations about his new job in a highly competitive newspaper situation. And then there is the thrill of anticipation of visiting our son-in-law and daughter in their Tuscon home. We will be with them most of this week. Most families have many interests but there is nothing so satisfying and so worthwhile as to enjoy each era in the family development.

HABITS

Someone said that the habits formed during the first half of one's life control what happens to a person during the second half.

We know several people who are trying to change us after all these years. Yes, it is difficult to change one's ways but we are trying. Take The Upland News, for instance. It has been very close to us for many years . . . and we have worked hard in all phases of the newspaper.

So, we are getting new interests, and gradually letting others do what we have been doing.

Habit is a powerful force . . . and good habits are among the most valuable possessions a person can have.

OFF TO THE FIGHTS ON THE FOURTH

On July 4, we hope to be in Los Angeles for the fights. This may sound routine to you fight fans, but the only professional bout we've seen in the flesh was some time ago. The attraction for us on the Fourth will be a handsome and title-bound Negro fighter, Zora B. Folley, from our hometown—Chandler, Ariz.

This season, Folley is battling toward the top, fulfilling the expectations we wrote about seven or eight years ago. Folley started his golden gloves career when he entered and won the Seattle Golden Gloves event while on a visit to that city. He returned home only to be drafted. While in the army, he first won the All-Army championship, and then in Philadelphia, claimed the World-wide U.S. Armed Services title.

We were one of the first reporters to interview Folley following his initial wins. The setting was the modest home of his mother, Maggie Taulton, in Chandler. When Folley's Seattle victory was sent over the wires, the name was completely unfamiliar to us in Chandler. As he went by a nickname, even his closest friends were not at first aware of his identity. Finally we learned that Maggie Taulton —who had worked in our home as a domestic—was his mother and were soon getting our interview and writing the first comprehensive story on the new fighter. Zora B. Folley day was recently observed in Chandler, marking the first time a Negro was accorded civic honors in that city.

We're watching Folley's career as his star continues to rise, and hope he is still the modest young man we knew a few years back. If he has the sense of humor and common sense of his mother, there's no need to worry.

Three Developments Win Approval

Three Apartment Buildings To Provide 38 Rental Units

Immediate addition of 14 deluxe apartments in the Downing and Ward development west from Palm Ave. and north of Eighth St. is assured by start of construction on the project this week, and early construction is planned for two units totaling 24 apartments on the Upland Development Co. property between 11th St. and Foothill Blvd. on the east side of Campus Ave.

This will bring a total of 38 new rental apartment units to Upland by next winter. John Ward and Dale Downing, local contractors specializing in custom homes, hope to have their 14-unit apartment building ready for occupancy by fall. Excavation work is completed and foundations are to be poured Thursday.

The one-story structure will provide 12 one-bedroom apartments and two two-bedroom suites. Each apartment will be equipped with carpeting, drapes, built-in ovens, counter ranges and refrigerators. The site plan for the apartments, approved by Upland planning commission Thursday night, provides for later addition of a second unit of 14 apartments on the property.

Homer Saunders of Covina, head of Upland Development Co., gained approval of his site plans for two apartment developments on N. Campus Ave. when he appeared before the Planners Thursday night.

The plans are scheduled for final city action by Upland city council Thursday night, as they are submitted in subdivision form and require the council action, and will then be submitted to the county board of supervisors for like approval. If the plans are approved by these two groups on schedule, groundbreaking on the sites will possibly be realized late in July.

One of the units will provide 16 one and two-bedroom apartments in a two-story structure on either side of a central court featuring a swimming pool. The second unit will be a two-story structure providing eight three-bedroom, 1½ bath, two-story studio apartments with patios and play yards.

$82,400 Apartment Building Boosts Permits To $148,315

New construction in Upland, represented by 11 building permits issued from the office of City Building Inspector Richard Derby in the past week, totals $148,315 in valuation. This figure includes the cost of two new homes, two swimming pools, a 14-unit apartment building and additions or alterations to residences.

A permit, for an $82,400 apartment structure was issued Downing and Ward, Upland contractors, for construction on the west side of Palm Ave., north of Eighth St. The one-story unit will contain 14 apartments.

Two new homes for which permits were issued are for Dr. Louis A. Herbers Jr. of Fontana, at 1680 N. Euclid Ave., $33,600, and for J. Pierce at 1529 Carnation Way, $21,400.

Private swimming pool permits were issued Otto Mannella, 1465 Anita St., $2400, and Dello J. Turpen, 641 Juniper Ave., $2,500.

Other permits are as follows: F. J. Bescoby, 2222 N. Euclid Ave., carport, $115; Frank Pasqualetto, 1635 W. Foothill Blvd., dining room and bar renovation, $500; H. R. McInnes, 598 Tulare Way, addition of family room, $1800; Garland E. Rogers, 263 S. Third Ave., garage, $1200.

DANGER RIDES WITH HOLIDAY HIWAY TRAFFIC

"HOLIDAY ROADS CARRY EXPLOSIVE LOADS:

"No giant firecracker can explode in your face with the violence of two fast moving vehicles colliding on the highway.

"Only YOU by driving with caution over the 4th of July week end can help to curb the danger that rides with every driver on crowded highways.

"We like our fellow-citizens and want them to enjoy their holidays without death, damage or despair. Please cooperate."

This was the message formulated by Upland Safety Council in its first session last week, as it considered the usual grave consequences of the July 4th week end and its heavy traffic on all highways throughout the nation, according to Harold Barbour, chairman.

Barbour Heads Safety Group

Upland's new safety council organized Thursday morning in their first session held in Upland city hall. The council members elected Harold Barbour, 280 Vista Pl., as chairman and Mrs. Joy Byrket, 628 Redding Way, as secretary.

The other members are Sgt. Tom Davis, City Engineer Harold Wilder and Delbert Gibson. Mr. Gibson had been announced as chairman but was unable to serve.

Monthly meetings of the council were scheduled for the second Wednesdays, 7:30 p.m., in the city council chamber of the city hall.

Police Sgts. Candidates For Captain

City council approval has been given the recommendation of Police Chief John Wessely and City Manager Elwin Alder that a captaincy in the police department be reinstated and the position filled from department personnel.

Three sergeants with the department eligible to fill the new captaincy are Fred Strothe, John McCarthy and Waldo Owens.

Written and oral examinations will be given the three candidates on July 26 and based on these results, a recommendation will be submitted to the city council, probably at its Aug. 7 session.

Following council action, the appointment will be made, so is likely to be effective about Sept. 1. The new captaincy will succeed the office of lieutenant formerly provided in the department.

WOODWARD IS SCHOOL BOARD VICE-PRESIDENT

Mr. Woodward was also named the board's representative to the San Bernardino County Trustees Assn.

The board signed a contract with Berry Construction Co. of Ontario for construction of Montclair High school, with the alternate bids to be included yet to be decided.

Imposing White Polar Bear Trophy Added By Belcher

American Big Game Hunter John Belcher looks up quite a few feet at the most imposing and most recent trophy added to his trophy room, the white Polar bear he killed March 8 of this spring on the frozen Chukchi sea near Point Hope, Alaska. The 10 foot polar bear, which stands nine feet high as it is mounted, was the object of Mr. Belcher's recent hunting trip by dog team in the frozen north. After being mounted by Jonas Bros. of Seattle, the trophy arrived here last month and was added to the Belcher trophy room. Chris Klineberger of Jonas Bros. had accompanied Mr. Belcher on the hunting expedition, and reports the Belcher trophy to be the best polar bear trophy in the U. S. It ranks 16th of polar bear trophies on record since 1884, with 26 points as compared to 28½ for the No. 1 polar on record. The points are the combined skull measurements, with the Belcher trophy skull measuring 16 in. long and 10 in. wide. Measurements are taken by authorized agents after the skull has had 60 days in which to shrink to mounted size. Mr. Belcher welcomes visitors to his new trophy room, where the top known American big game collection is housed. Interested persons can arrange to see the big game trophies by telephoning Mr. Belcher at his home, 221 E. 11th St.

Planners Deny Rezonings, Give Approval To Residential Lots

Request of G. W. Hostetler for rezoning from R-1-D to R-3 for 12 lots south of the Pacific Electric railroad and west of San Antonio Ave. was tabled by Upland Planning commission Thursday night with the recommendation that a new plan for zoning to include all lots on both sides of San Antonio Pl. be submitted.

The commissioners also suggested that the privately owned lot which is used as San Antonio Pl., be deeded to the city by Lenard Smith as a public street. Until the street is dedicated, the commissioners indicated that little could be accomplished in improving the area.

Refuse C-P Zoning

D. J. Engle's request for rezoning from R-3 to C-P for the northwest corner of Ninth St. and Palm Ave. was denied on the grounds the rezoning would create spot zoning and that the parcel was too small an area for a professional-commercial development.

Commissioner Daniel Maher recommended the commission make a study of West Ninth St. as to further decision in planning development of the area west of Euclid.

A. E. Cofer's request for a variance to extend a patio wall at a non-conforming residential structure in a C-P zone at 157 N. Euclid Ave., was granted. The request for enclosing a second story porch was denied.

Residential Lots

A record of survey for a residential lot on Turquoise Way was approved for Harvey Stone providing a 10-foot strip south of the parcel was made a part of the lot.

Hallet Development Corp. received approval of a four-lot subdivision map, providing the rear alley be extended north from the lots to 18th St. Dave Johnson's site plan for a root beer drive-in outline at 791 E. Foothill Blvd., was approved.

Increase Fence Height

Roy Lewen, 1318 N. Third Ave., was given approval of a request for extending a fence higher than the six foot limit. The fence was six foot high on the lower lot size, but only four feet high on the upper lot side. To provide privacy for the lower lot in Upland's foothill terrain, the council allowed the wall to be measured from the higher lot level. Future questions of wall height will be handled by the city administrative committee.

A trailer park ordinance was discussed and the proposed ordinance prepared by City Attorney Henry Busch and a trailer park study made by City Planning Consultant Simon Eisner were both received for study and compilation. R. V. Ward, who proposes a trailer park for M-1 area on W. Arrow Hwy., and E. L. "Jim" Riley, a realtor representative, were present for this consideration.

Tentative Budget Figures Indicate Decrease For '58-59 Upland Tax Rate

Regular Budget Shows Decrease, Water Dept. Budget Increased For New Water Lines; Formal Council Action Expected Thursday

As a result of numerous budget sessions held in the past month by Upland city councilmen, a tentative budget of $1,046,660 is today being reviewed and will be presented for formal action at the Thursday meeting of the city council, 7:30 p.m., in the city hall chambers.

The councilmen are reviewing their budget session results in a meeting today. At present the city budget for the 1958-59 fiscal year, retroactive to July 1, calls for $805,381 in budgeted items, plus $241,279 in the water department budget, for total budgeted expenditures of $1,046,660.

The general budget figure is a $4,000 decrease as compared to the 1957-58 budget of $809,440, but n increase of $11,279 in the water budget from the 1957-58 figure of $230,000 brings the total expenditures for 1958-59 to an increase of $7,220 over the total 1957-58 budgeted expenditures of $1,039,440.

The council earlier indicated intention to increase the water dept. budget to provide for installation of new water lines to better serve the city. With the tentative budget for 1958-59 increased only $7,220, and the assessed valuation of the city considerably increased, it is likely that the city tax rate of $1.65 per $100 assessed valuation will be lowered several cents. A $1.61 tax rate is possible.

For many years the city operated with a tax rate of $1.28 per $100 assessed valuation. When the tax payers approved the big sewer bond issue two years ago, the tax rate was increased to cover this bonded indebtedness. The tax rate is now gradually diminishing as the city's bonded indebtedness for the sewer trunk lines is diminished.

City Manager Elwin Alder has stated that the city government is still operating within the $1.28 tax rate, with the the sewer bond indebtedness.

City's Sales Tax Revenue Shows Drop

With distribution of sales taxes throughout San Bernardino county totaling 1,196,188 for the second quarter of 1958, and increase over the 1957 second quarter when $1,157,690 was distributed to cities of the county, Upland's second quarter share is reversed and shows a drop of $2,023.

For the second quarter of 1957, Upland received $26,094 from the State Board of Equalization, but the amoung being received by the city this week for the 1958 second quarter is $24,071.

Robt. E. McDavid, 4th district member of the Board of Equalization, which administers the local sales tax program, noted that the total county figure was higher for the current quarter return, but with only three cities also receiving increased returns.

Cities showing increased business according to the sales tax distribution are Colton, Redlands and Rialto, plus the county government. Most of the cities of the county, however, show a slight decrease as in Upland. The other cities receiving less sales tax money are San Bernardino, Ontario, Barstow, Chino, Fontana, Montclair and Needles, Ontario shows a drop from $109,274 to $107,245, while neighboring Montclair dropped from $17,513 to $16,785. San Bernardino county's share increased from $414,113 to $466,060, making up for the decreases in the various cities and providing the county-wide increase.

EQUALIZATION BOARD OFFICE RELOCATED

Area offices of the Calif. Board of Equalization, for several years past located in the Upland city hall annex on N. Second Ave., are today in new offices at 432 N. Lemon St., Ontario, it is announced by Robt. E. McDavid, 4th area member of the board of equalization.

The offices reopened in the new location Tuesday, continuing the 8 a.m. to 12 noon, Monday through Friday schedule previously observed in Upland.

Lee D. Hardesty, field representative of the board in the area office, reported the increasing work load in a limited space forced the change in location. Mr. Hardesty said a suitable site in Upland had been sought for some time but as none was found available, the move to Ontario was necessitated.

Dr. Babcock Accepts Gavel Of Upland Rotary Club

Dr. Kenward O. Babcock is the 1958-59 president of Upland Rotary club, having assumed office at the annual ladies' night and debunking program Wednesday evening of last week in Upland Woman's club house. Rex W. Wignall, outgoing president, was "debunked" as four Rotarians enacted a skit reliving a few highlights of the past club year.

Paul G. Hottel, Robt. L. Hickcox and Jarvis J. Leman, past presidents, and Harvey Stone, representing two previous generations of Upland Rotary presidents in his family, enacted the skit.

Gifts For Wignall

To officially retire Mr. Wignall from office, he was presented with a past-presidents' pin—a large replica inset with a brilliants, reminescent of one set with diamonds which he admired at the convention in Dallas—and his presidential gavel. Past President Ellery Wright made the presentations.

Mr. and Mrs. Wignall, who are building a new home in Upland, were presented a handsome patio barbecue grill from the club, with Past President John B. Atwood, program chairman and emcee for the evening, making the presentation.

Dr. Babcock received the gavel of office from Harry Wright, also a past president.

Program Features

Vocal music for the evening was provided by Richard Arlan, who sang a group of selections following the dinner. Speaker was L. C. Musselman, a Glendora Rotarian, Congressional Medal of Honor winner, mechanical and chemical engineer and explorer who accompanied Admiral Byrd on his 1933 and 1938 polar region trips.

Mr. Musselman's topic was "Soldier of Fortune" and he gave a vivid picture of life at the South Pole and in northern Alaska, on the ice, with the Eskimos, and the hardships exploration parties endure.

1958-59 Officers

President Babcock's slate of officers includes Mr. Leman, secretary; Jack Christensen, sergeant-at-arms; Dr. Lyle W. Callow, Ray Davis, Thos. M. Glasheen, Richard Hield and Mr. Wignall, directors.

Outgoing officers included Mr. Wignall, president; Mr. Leman, secretary; Mrs. Glasheen, sgt.-at-arms; Ernest W. Fischer, Harvey W. Shirk, Wm. S. Rugg, Chas. N. Walker and John B. Atwood, directors.

Floral Decorations

Decorations for the annual dinner meeting were arranged by Mmes. Floyd Allen Leman and Everett Henry. Mr. and Mrs. Henry were guests for the evening.

Transvall daisies in yellow and orange shades were arranged on all tables, flanked by yellow tapers, and the speakers' table held an all-yellow arrangement of the daisies and gladioli.

July 18th was announced as the date for the annual Rotary barbecue at Hofer ranch, with Earl Weatherwax as chairman.

Hold Dinner

Fifty members of the Christian Minters class of First Methodist church met for a progressive dinner, Saturday.

Mr. and Mrs. Edward Kalin, 1368 W. 15th St., were hosts for the first course consisting of assorted crackers, cheese tidbits and juices. Assorted jello salads were served in the home of Mr. and Mrs. Ed Behm, 1703 W. Ninth St. The group later gathered in the Francis Shaw home, 719 N. Second Ave., for a main course of casserole dishes and then walked across the street to the home of Mr. and Mrs. Geo. Marsh for a dessert of home-made ice cream and cookies. All couples contributed to the menu.

The evening was spent in the Marsh home in fellowship and singing. Mrs. Harold Stickney is the class teacher.

Swim Classes For Retarded

Private swim classes will be given by the Ontario-Pomona Assn. for Retarded Children through July and Aug., Saturdays, 12 noon till 1 p.m. Each participant must have an Assn. membership and be accompanied by an adult.

Jim Stone and Miss Jackie White will assist the group. Any retardates wishing to attend may apply for membership by calling Mrs. Dorothy Cuthbert, 62-6180.

Don Brown In Japan; Sister In Hilo, Hawaii

Don Brown, machinery repairman and fireman apprentice in the U.S. Navy, recently arrived in the port of Yokosuka, Japan, aboard the naval oiler, USS Ponchatoula, according to word received here by his parents, Mr. and Mrs. Grant E. Brown, 483 N. Grove Ave.

The young seaman had been stationed at Pearl Harbor, Hawaii, since January, following his boot camp training and machinery repairman school.

In March, Mr. and Mrs. Brown and their daughter, Miss Joyce Brown, vacationed in Hawaii and visited with Don, and also with a cousin who was in port at the time.

Don's ship, the navy's largest oiler, sailed from Pearl Harbor early in June, shortly after his sister arrived in Hilo, Hawaii, to pursue her nursing career. Joyce had offers from island hospital while there in March and decided to return to Hilo.

Visitors in the home of Mr. and Mrs. Earl Quinn and family, Montclair, are Mrs. Violet Townsend, Mrs. Vivian Bartusek and son Lloyd of Portland, Ore.

VOLUNTEER FIREMAN Clinton Mayberry, an Upland grocer, points to the spot where a Sunday afternoon brush fire in Cucamonga wash was extinguished after burning over 30 acres but before it reached the northernmost house on the west side of Alta Ave. (in rear). A road cleared between the house and the brush area served as a fire break in aiding 21 firefighters to control the fire after an hour-long fight. Three more hours were required to squelch all hot spots, according to Fire Chief Howard Paulin. Five members of Upland Fire dept. answered the alarm at 1:55 p.m., and 40 minutes later a general alarm was sounded and nine members of the Volunteer dept. reported to the scene in northeast Upland. Two pumpers and a bulldozer, manned by seven men, were later sent to the scene by the State Division of Forestry, directed by Ranger Wm. Clayton. This brought the total to four pumpers, one bulldozer and 21 firefighters. No property damage resulted.

Gen. Petroleum Expected To Exercise Option

General Petroleum Co. is entering the extension period on its option for the Presbyterian church property at Ninth and Euclid, with every indication that the option for purchasing the lucrative corner business will be exercised by the company.

Jack Newsom of the J. D. Hawes realty office, Ontario, said local representatives of General Petroleum are optimistically awaiting final approval of the site purchase plans from the firm's eastern headquarters. If received on schedule, site clearance could begin by mid-August.

With the site offered at $75,000, General Petroleum proposes to install a $40,000 first class service station, with a restaurant or possibly another commercial facility on the northern 50 feet.

"We are working to obtain the right restaurant leasee," Mr. Newsom told The News yesterday. He added that if the proper kind of operation could not be secured, another development possibly would be considered.

Upland city council recently approved removal of parkway trees from Euclid Ave. and Ninth St. to permit access driveways to the property providing a service station is installed.

In defeating Hill's Service in Pony league play Monday, the Mavericks moved up from fifth to fourth place in league standings and helped kill Hill's domination of the league lead. Jesse Velasquez didn't allow Hill's a run to first until there was one-out in the fifth.

ZORRO'S 8, MERCHANTS 5

Another strategic Pony league game Monday saw Zorro's pull an 8-5 victory over Upland Merchants to move into a first place tie with Hill's. The Hill loss to the Mavericks gave them a second loss, matching those of Zorro's, and the win by Zorro's moved them up to eight wins to tie Hill's. Bob Bittner pitched a good game and Sam Pizzuto tripled for Zorro's. Winston Villocino of the losers had the only home run.

ROTARY 14, HOLLAND 9

Steve Harmon, Leo Martinez, Alan Ennis and Joe Hughes each drove home two runs for Rotary to spark its 14-9 win over Holland Saving in National league play Monday. Billy Zabala scored three runs with his two hits and Martinez came on to pitch fine relief ball. Bill Draytondrove home three for the loser.

Tennis has been a favored activity of Upland's summer recreation program and is available to all ages at the Upland High school and Upland Jr. High school courts. Classes are for beginners, intermediate and advanced players, instructed by Coach Paul White and John Mclure.

The new courts at the high school offer more room to play and new program participants are urged to attend the classes at these courts. Classes on the Jr. High courts are overcrowded at present. A tournament will be started late in July.

Play at the High school courts is from 9:30 to 10:30 and 10:30 to 11:30 am. five days a week. At the Jr. High, classes are from 6:30 to 9:30

Stadium, Gym Seating Items For Trustees

Following its reorganization meeting Tuesday noon, Chaffey Union High school district board of trustees will meet in regular session Monday, July 7, 7 p.m., in the board chamber on the mezzanine of the Spring auditorium bldg., Chaffey campus, to conduct business including the possible award of bid for folding seating for Upland High school gymnasium, irrigation pipe and pipe fitting for installation of irrigation systems on the Upland campus, and a report on the Upland athletic stadium.

Bids on the gym seating and irrigation pipe and fittings will be opened Thursday, July 3, 3 p.m., in the office of the district comptroller on the Chaffey campus.

In order to determine the procedure to be followed in construction of the Upland high school stadium, school officials recently consulted with the state division of architecture in Los Angeles and learned it will be necessary for an architect to handle plans and specifications for the project. As the plan had been for Chaffey personnel to prepare the plans and specifications, thereby saving certain costs, the possibility of reallocation of funds to complete the stadium will be considered by the trustees. The school architect has been given all necessary information in order that he might notify the board of all costs connected with the stadium project before plans are prepared.

200 Youths, Parents Attend Oasis Party

Ontario Armory was the scene of a party Friday night when some 200 members of The Oasis, Chaffy district youth organization, with their parents as invited guests, held one of their planned activities. The evening was spent in playing volleyball, bingo, checkers, dancing and just plain talk, with soft drinks and doughnuts dispensed at the snack bar. Seventeen new memberships were bought during the evening, according to Mike Williams, membership chairman, and Mrs. Howard Kilmurray, membership advisor.

Clever displays of clothing and signs worn by members advertised the coming rummage sale to be sponsored by The Oasis the last week end in July with Bev Patton, special projects chairman, and Mrs. David Stump, advisor, planning this special event.

Cucamonga Church Marks 75th Year In Conference

Cucamonga Community Methodist church will begin it's "Year Of Jubilee", Sunday, according to the Rev. W. H. Stockton, minister. The time of rejoicing is to celebrate the 50th year of the construction of the stone chapel at 7690 Archibald Ave. and also the 75th conference year since the organization of the church. It was in the year 1884 that the Rev. A. H. Summers came to Cucamonga from Newport Beach. Previous to that, according to the Rev. Mr. Stockton, the Cucamonga church was on a circuit with the First Methodist church in Ontario.

Mr. Stockton said that these two historic events provide the opportunity for a homecoming celebration and to be especially noted are the 50th anniversary of the dedication of the stone church, which took place May 30, 1909.

Mr. Stockton reported that the past year has been a good year with the church congregation and Sunday school enrollment almost doubled.

He also revealed that the church recently purchased a seven room parsonage, near the church as living quarters for himself, Mrs. Stockton and their daughter, Kathleen, who was just graduated from Upland High school.

With the increase in membership and activity he said the local budget was paid in full and the church has met its benevolence quota promptly each quarter.

Plans for special activities for the coming year are being formulated, he said, and he asked that those wishing to do something special should contact heads of various departments. They are Mrs. Chas. West, WSCS president; Chas. West, Sunday school superintendent; Ellwood Stone, lay leader, or himself.

He announced that the topic of his sermon Sunday morning, as the year of celebration begins, will be "He Went A Little Farther."

While the members of the congregation have done their part during the past year it has been noted that the Rev. Mr. Stockton has himself created a record. Just beginning his fifth year as minister he has established a record in that regard.

New Trustees Seated

Adkison New Administrator Of Central School District

As of yesterday, Marion R. "Bob" Adkison is superintendent of schools for Central school district, Cucamonga, succeeding James Orsburn, the district superintendent for the past six years.

A product of the Ontario school system, University of California at Berkeley and Claremont Graduate school, Mr. Adkison has served as Central school principal for the past two years. He joined the school staff as a teacher in 1953 after teaching in Ontario for a short period.

UC, Claremont Degrees

He was graduated from UC and a year ago completed work for his master of arts degree in educational administration at Claremont, the degree having been formally conferred on June 14 of this year.

The son of Mr. and Mrs. James Adkison of Ontario came to that community when a year-old baby. Now the father of three children, he resides at 7518 Buena Vista Dr., Red Hill. He and his wife, Sarah Elizabeth, are the parents of Margaret Elizabeth, 6, who will be a Central school first grader in September; Robt. Arthur, 3, and Leslie Jean, nine months.

Two New Trustees

As Mr. Adkison assumes the superintendency, the district board of trustees is welcoming two new members. Konrad Facknitz becomes a trustee following his election on May 20. Reynold C. MacDona,d 8352 Camino Sur, Red Hill, became a trustee by appointment to fill a vacancy about June 1.

Re-elected in the recent election was Mrs. Corynne Hanzlik, 7523 Camino Norte, Red Hill, who had been appointed to fill a vacancy early in the spring. Remaining on the board are Silas C. Harvey Jr., 9817 Base Line, and Mrs. Millicent Arner, 8207 Tapia Via.

Teacher Increase

An increase of at least four teachers will be realized before the fall term at Central school with the staff of 20 now being increased to 24. Double session classes, probably in kindergarten through the third grade, will be necessary until the new Valle Vista school is completed on Red Hill. At that time more teachers are scheduled to be added, if enrollment necessitates, and some of the teachers and classes moved there from Central school.

Two faculty members having resigned their positions with the district are Mrs. Evelyn Fernandez of Alta Loma, who will teach eighth grade in Cucamonga District school next year, and Earl Lenz, who will be principal of Mt. View school.

Faculty Contracts

Three new teachers already signed to contracts for 1958-59 are Mrs. Lois Coy of Fontana, Miss Barbara Hunter and Mr. Covell Christian of Ontario. Mrs. Coy has been a Fontana teacher and previously taught for 22 years in Illinois. She will teach first grade. Miss Hunter, a graduate of Pomona college, has also studied at Claremont Graduate school in the field of fine arts. She will teach seventh grade.

Mr. Christian will teach a combination seventh-eighth grade as his first teaching experience. Following his graduation from UC, Berkeley, he has spent two years with the army in Germany. The new Central school teacher is the son of Mrs. Betty Christian, a teacher in Ontario for the past 15 years.

Square Dancers From Oklahoma Enter Parade

Following the parade, from 3 to 6 p.m., the group will be in charge of dancing in front of Chaffey. Al White will call with Chuck Mayers as guest caller.

Mr. White also announced that the Silver Spurs Square Dance club is sponsoring a class for beginners, starting July 9, 8 to 11 p.m., in the Alta Loma fire hall. Those wishing further information may call 2-6259.

Mrs. Stafford Vacates District Post

Bullock Succeeds Veteran Educator Who Now Is Asst. Supt., School Principal

Effective Tuesday, Mrs. Theresa M. Stafford, for 13 years superintendent of Cucamonga school district and for 33 years an outstanding member of the school faculty, has vacated the administrative position and stepped down to the dual position of principal and assistant superintendent.

Succeeding the veteran educator as district superintendent is Ralph Bullock, principal and assistant supt. for the past three years. Mrs. Stafford will now work largely with the teachers and curriculum, while Mr. Bullock devotes his time to the administrative work.

Administrative Switch

This switch in the two top administrative posts of the school district was brought about by Mrs. Stafford's desire that Mr. Bullock remain with the district in its current and future periods of growth and advancement. Nearing retirement age, Mrs. Stafford said she wanted the children of the district to have the advantages of "a wonderful man like Mr. Bullock" in the administrative position following her retirement. As Mr. Bullock had opportunities to advance himself in other school districts, Mrs. Stafford suggested to the board that she step down before retirement to allow Mr. Bullock's advancement in the district.

Such action is indicative of the cooperation and era of good feeling existing between the two able administrators.

Product Of Schools

Mrs. Stafford was educated in the elementary schools of Cucamonga, graduating from the eighth grade of the old Franklin school, from which the historic school bell was moved to the now-abandoned Cucamonga school campus and soon to be relocated on the new campus.

After graduation, from Chaffey High school, Mrs. Stafford attended University of Calif. in Los Angeles, receiving her general elementary teaching credentials. She later received her elementary administration certification from University of Southern Calif. She joined the Cucamonga school staff as a teacher 33 years ago. In 1939 she was made vice-principal and after six years, in 1945, became principal and district superintendent when Fred Sparks left to become district superintendent in La Puente.

RALPH BULLOCK

13 Years In Post

After 13 years in the top position, Mrs. Stafford will step down to the next highest office. Her successor, Mr. Bullock, came to the district five years ago as a teacher after several years in the Helendale School district, between Victorville and Barstow. After one year in Cucamonga, Mr. Bullock became vice-principal and then was named principal the third year.

Mr. Bullock's family includes his wife, Alice, and two daughters, Evelyn, 10, and Patricia, 7. A native of Los Angeles, he attended Polytechnic High school there and before graduation from Whittier college in 1940 also attended McKay Business college and Calif. Commercial college.

He took his BA degree in sociology and physical education. In recent years he has worked toward an MA degree at USC and University of Redlands. His elementary administrative and elementary supervisory credentials were earned through Redlands U.

War Record Cited

An outstanding military service record is that of Mr. Bullock, who entered the army as a private on Feb. 24, 1941, and was separated in Dec., 1945, as a commissioned officer with numerous signal honors to his credit.

He was sent to the South-West Pacific theatre of operation as a corporal and while there was promoted to sergeant before he had been in service 18 mos. As a corporal, he was one of six Americans honored by selection to the Australian Commando school in guerrilla warfare, early in 1942. On completing the school, he was assigned to teach guerrilla warfare to the troops of the U.S. 41st Infantry division, primarily instructing in judo.

Historic Participation

He served with the 41st and the 32d infantry division in the Saidor and Aitope campaigns. Shortly after he was commissioned a second lieutenant in Brisbane, Australia, in Sept., 1943, he became one of the first infantrymen to do air dropping of supplies to troops in mountaineous areas. He recalls removing doors from light aircraft and pushing supplies from the planes after diving as close as possible to the ground. Later parachuting of supplies improved on the early incidents.

Mr. Bullock also served in the Philippines and New Guinea. He is a holder of the Combat Infantryman's badge.

During his college years, the Cucamonga educator worked as a physical director and boys work secretary in East L.A. and Gardena for the Los Angeles YMCA. After military service, he spent four more years with the YMCA as executive secretary of the South Gate YMCA.

Mr. Bullock is now active in the Army Reserve, holding the rank of major and assigned to the 662d Logistics command at Claremont Men's college.

Taking America's Freedom For Granted Is Dangerous

Taking so many things for granted is very dangerous.

We are referring to the many privileges and freedoms we have as individuals and as a nation.

Apathy among citizens is to a nation what cancer is to an individual. Free people must be aware of the dangers — just as individuals must be aware of the signs of disease and failing health.

For example, did you vote in the June primaries? Or, how about the school elections in May?

July fourth is with us. Does that day really mean something to you? It means a holiday, of course, freedom from the usual work routine, but probably nothing more.

It is trite for one average American to tell another American the importance of freedom. For a good many generations we have always had the free choice of voting, vocations, education, travel and recreation. And so we accept this way of life without any concern or real appreciation.

Ask an acquaintance who was born in Communist-dominated countries to get the real answer to what this way of life means. Such people are here in America usually because of their daring escapes. Above all else they wanted freedom.

Or you might listen to Dr. Nicholas Nyaradi, a native of Hungary, a former high official in that country, who saw thousands of his countryman slaughtered or imprisoned. He has seen people fight — and lose in this fight — for freedom.

What does he think about freedom in this glorious America? Well, he is shocked at the very slight attention Americans give to it. He is covering the nation to warn citizens of his adopted country about the dangers of apathy.

July fourth means a great, historic date to America. It means freedom, the very foundation of everything we have in this country.

Many people don't appreciate it now. Those who don't have it yearn for our way of life.

So, let's appreciate America.

Another All States Picnic

Another All States picnic will draw many hundreds of visitors to Ontario on Friday.

Each year's event further establishes itself as a popular Southern California attraction. Euclid Ave. is a beautiful attraction that many visitors observe — and remember.

Likewise, Euclid Ave. is becoming known as the "place where everyone goes for a picnic on July fourth."

Local Headlines Year Ago

Headlines in The Upland News of July, 1957 are significant:

"Variance Request To Council Concerning Service Station". This headline concerned an Upland city council meeting at which permission was granted for a service station at Euclid Ave. and Eighth St.

"Dump Smoke End Forecast As New System Is Planned." Within a short time after this news story, the city council brought an end to the usual cloud of smoke hanging over the city from the municipal dump.

"Hopeful Santa Fe Will Relent in Blocking Second Ave. Crossing." This banner headline is far out-of-date now. The Santa Fe and the California Public Utilities Commission have authorized a new crossing over the railway tracks at Second Ave.

"Foothill-Euclid Rezoning Decision Possible Tonight," says one headline and the later headlines on this matter announced that rezoning had been voted to permit construction of a shopping center.

July is a month of action here.

Fun Club YMCA Activity For Ninety Youth

Gym, crafts, movies, riflery, swimming, hikes, trips, barbecues and overnight camping are being enjoyed by nearly 90 Gra-Y and Midget boys and leaders who are participating in the first periods of YMCA Fun club, which opened the summer "Y" program last week.

There are six periods of Fun club for Gra-Y and Midgets throughout the summer, as well as special trips and a week of resident camping at Camp Edwards in Barton Flats. A Junior High Fun club for Junior High boys and girls will be held for one week starting July 7 to 11.

The YMCA Fun club program is under the direction of Richard Cox. Mr. Cox has been director of the program for the past six years. Assisting him are Keith Larick Jr., Eddie Collins, Abraham Reyes and Mike Smith. Alden Stephens is in charge of the camping program.

Sharps and Flats

By CHUCK BARLOW

For those quaking parents going through their first years of Little league I bear glad tidings. The situation gets better, never worse.

This comes from a veteran of two seasons of Little league and one of Pony. We are now in our second year of Pony league and almost on a self sustaining agenda.

Kid baseball is good for parents. It's good for them the same as fleas are good for a dog. Fleas are good for a dog because they take his mind off being a dog. Parents with boys playing kid baseball have their minds on something besides themselves.

Those toughing out their first year of Little league from the bleachers are perhaps going through their first real indoctrination in sportsmanship.

"Kill the Bum!" "Knock His Block Off!" "Use Your Spikes!" "He's Yellow!' and the several thousand other insults and advice to violence used in my day of kid baseball are outlawed. Winning is secondary to good sportsmanship. . .and this is as it should be.

Sportsmanship was something to find in the dictionary in my days of youthful baseball and winning the game was what counted. It might be the field on stretchers but winning was important. This now seems as stupid as it really was at the time. I can't remember a single game clearly and have forgotten dozens of good games that we won. They couldn't have been too important if so easily forgotten.

I can, however, remember many athletes I played with and against. The ones standing out most clearly after all these years, were individualists. They had a style of their own and it was good. They played to win. They had fighting hearts but they were all good clean players on the field.

Of course, when Little League came into our family, I intended to be helpful and work out with the little fellows. I was sure I could impart some very helpful information.

They didn't want my information, as it turned out, and they all threw too darned hard for my tender hands. besides something has happened to my arm. It works like a gate on rusty hinges. . .and even squeaks a bit.

It didn't take these youngsters long to farm me out to my platform rocker. They have gotten aong swell during the ensuing three years without me.

But in the early days of Little league I didn't take to this overdose of sportsmanship too keenly. I wanted them to pull the pitcher when it was evident he was in trouble and shuffle batters when an opposing pitcher's weaknesses were evident.

Silence is golden at times and this was one of the times. I clenched my teeth and kept my big mouth shut. Little league games rolled on and on with everybody happy and I thus kept from making a boob out of myself, by sheer will power alone.

When the chips were down and a hit meant the winning score I had to grip the plank seat to keep from screaming advice. I kept my advice to myself and the kids went on to win the ball game without it.

After the first year. . .if your heart holds up. . .most parents have learned that they aren't supposed to take any part in the actual playing of games. Parents have earned the right to have a front seat at good, clean, economical entertainment. Parents, unless officials, are supposed to be seen and heard from not at all.

This works to an advantage for the parents, too. They invariably end the season with better manners than when they started.

If you are a freshman parent and have died deaths every time your youngsters came to bat or figured in a play, you have bright days ahead. It gets better all the time.

First, you will learn that your boy is getting quite self sufficient and your mental contortions do not help. He is having a ball while you suffer. If you are to maintain sanity there is one thing you must do through coming games.

Relax and enjoy yourself!

New Books For You . . .

At The Upland Public Library

Those people who have had fears about the state of education and the lack of preparation of boys and girls of today for competition in the world of tomorrow may take heart.

A new interest in reading, in science, and in educatin in general on the part of parents is showing in the attitude of the children. One example is the reaction of both parents and children to the writing of book reports in the summer reading program at the library.

In former years, a written report was too much trouble and it kept some children out of the reading program. This year, parents agree that a boy or girl who reads a book should be able to write a few sentences about it. Excellent book reports are being given by children including those who have just completed second grade. Sometimes boys and girls surprise their parents with their ability.

Recently a little girl who has just finished third grade came with her mother to give two book reports. The mother handed the two books to the librarian and said, "My daughter wants to report on these books" the librarian told her that written reports are required.

Mother bridled at once, "Oh, she couldn't do that. I haven't taken that up with her at all." Meantime, the little girl had quietly taken two short but adequate written reports out of one of the books and handed them to the librarian.

New science books put into circulation today in the Children's Room include Walt Disney's SECRET'S OF LIFE, MICE AT HOME AND AFIELD by Olive Earle, HOW TO UNDERSTAND ANIMAL TALK by Wilson Brown, INTRODUCING THE CONSTELLATIONS, by Robert Baker, 'THE FIRST BOOK OF ARCHAEOLOGY by Nora Kubie, and YOUNG PEOPLE's BOOK OF RADAR by Lt. Commander David C. Holmes.

Five books of fiction which are of great worth include THE STAR-SPANGLED BANNER by Neil Swanson. Just in time for our greatest patriotic holiday, this historical novel is written by the world's outstanding authority on the events which led up to the writing of our national anthem.

Charles Fredrick Johnson who wrote STEVE FLETCHER U.S. MARINE served in the Marine Corps during World War II and the Korean War. He knows what it takes to make a marine and follows Steve Fletcher through his training.

A BEAVER'S STORY by Emil Liers is written by the man who was advisor to the Walt Disney Studios when they made the nature film, Beaver Valley. His previous book, An Otter's Story is a favorite of nature-loving boys and girls.

A new book of Negro folk tales is TERRAPIN'S POT OF SENSE. It's author, Harold Courlander, writes in style which is similar to Joel Chandler Harris but the dialect is easier to read than that in the Uncle Remus stories. Some of the familiar folk tales are included and many new ones have been collected.

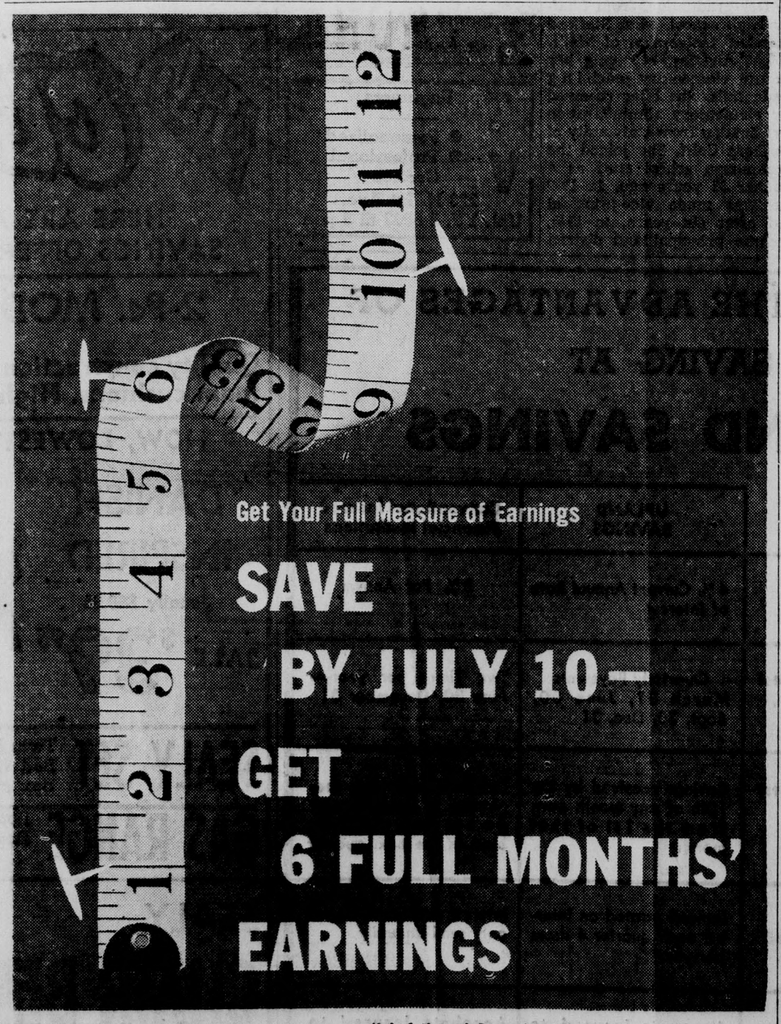

The first newsboy in the U.S. was a lad named Barney Flaherty, who was hired by the New York Sun in 1833.

June Sets Low Record For New Construction

June's construction activity in Upland added only $96,092 to the year's total, according to Building Inspector Richard Derby. The 1958 construction total is $2,290,978 through June.

The June construction total is the lowest's in the city's history for more than four years. Two new houses were started last month to bring to 117 the number since Jan. 1. During the first six months of 1957, the construction total was $3,074,852.

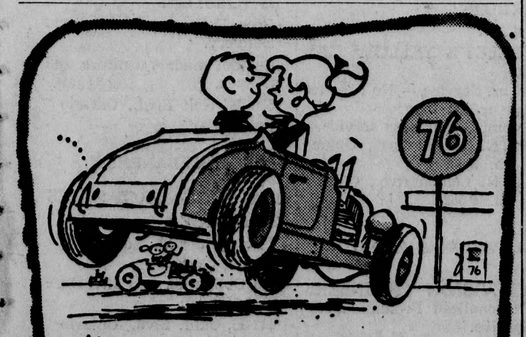

Dan Milakovitch, 693 Greenfield Ct., became the second member of Rugg Lumber Company's Pony league team to be benched with injuries. Dan fractured a thumb last week in a fall from his bicycle and so is missing from shortstop position this week. Back on the field for Rugg is Lester Johnson, catcher, who earlier fractured a wrist in a fall at home.

Crowds Throng To San Simeon

Mr. and Mrs. Jesse Monroe, 695 W. 13th St., have returned from a vacation spent in Morro Bay, Carmel, Monterey and Solvang. While in Morro Bay they visited Mrs. Monroe's brother-in-law and sister, Mr. and Mrs. J. L. Wire and while there endeavored to make the tour of San Simeon, the late Wm. Randolph Hearst's castle, which is now a state museum.

"It would have meant standing a long time in line," Mrs. Monroe reported, "so we didn't get in." She said that since then she has received word that facilities of the tour have been improved with more personnel employed.

She said the bus takes people on a half hour ride both ways and the tour is limited to one hour. Viewers are kept on the move by guides. Talk in the area is about the huge crowds being attracted to the castle. Charge for the tour, she said, is $2 per person.

SISTERS SEW FOR SANTA

Miss Carrie Fuerstenau and Mrs. Dorothy M. Stewart, sisters of 420 E. Rosewood Ct., Ontario, have been busily sewing since February for Santa Claus, Inc.'s program for needy children. To date, they have completed 75 girls' blouses, 24 dresses, 32 infants' nightgowns and 25 crib quilts. They also have made 1,350 net stockings to hold small toys. They hope to continue sewing until Christmas.

Donations for new cotton materials for blouses and more volunteers to sew can help further this program so that each needy child in the community will receive an article of new clothing as well as toys and candy for Christmas. Persons interested in helping may contact Mrs. Jackson Majors at YU. 635-409. Many more dolls, doll heads and parts of dolls are still needed at the Santa Claus warehouse at 111 N. Euclid in Upland—open on Saturdays for toy receiving and toy repairing.

St. Mark's Auxiliary Told Of Laymen's Church Work

Members of St. Mark's Women's auxiliary met at St. Mark's Episcoapl church parish hall, recently, when Mrs. Norman O'Shea, president, presided and Captain Raymond W. Lewis, assistant director of the Church Army in the U.S., was guest speaker.

Captain Lewis told of the formation, work, and history of the Church army, composed chiefly of Episcopal laymen whose work of salvation and churchmanship is principally in sections where there is no church. Of great interest were the slides he showed of the training center in England.

During the business session it was announced that the auxiliary received a net profit of $262.62 from its recent benefit bridge, which will be used for philanthropy in the parish and diocese, as well as the mission field.

Named to serve as a nominating committee to present a slate of new officers at the November meeting were the presidents of the guilds: Mmes. William Turner, chairman; Elmer Glenn, Joe Benish, W. R. Mason and Thos. Cleland.

Plans were made for a Barbecue-Bazaar Family Fun night to be held early in October at St. Mark's. Mrs. Carlo Bruno will be inside booth chairman, and Mrs. Herman Zmolek, game area chairman. The vestry and men of the church will be in charge of the barbecue and the guilds will have bazaar booths.

Hostesses for the afternoon were the members of St. Clare's guild. Following the meeting Mrs. Cleland and Mrs. A. L. Weber poured at the tea table, which featured a pink and white theme of stock, daisies and gladioli in a straw hat centerpiece upon an embrodiered white linen cloth, with silver candelabra flanking the table decoration. The flower theme in similar colors was repeated upon the mantle of the large stone fireplace. Mrs. Leslie Boyd was in charge of decorations.

Donald Sages In Texas For His Senior Studies

Recent guests in the home of Mr. and Mrs. H. Douglas Sage, 7893 Alta Cuesta Dr., Cucamonga, were their son, Donald Joseph Sage and his bride, the former Miss Joanne Rita Jirik, daughter of Mr. and Mrs. Thos. A. Jirik of Faribault, Minn.

Mr. and Mrs. Sage were unable to attend the couple's wedding in Faribault on May 31, due to the latter being hospitalized at the time.

Donald Sage, a student at Baylor university college of medicine, has been granted a year's Fellowship with Dr. Michael E. DeBackey, professor of surgery and chairman of the department of surgery at Baylor. Dr. DeBackey has become famous for his development of a new technique in heart surgery.

After their visit in this area the young couple left for Houston, Tex., where they will establish residence while the bridegroom completes his senior studies in medicine at Baylor. He is a graduate of Chaffey High school and of Pomona college.

At the wedding ceremony the bride wore a floor length gown of pale ivory peau de soie. The entire gown, which had a Cathedral train, was appliqued with Alencon lace roses and embroidered with seed pearls. Her Juliet cap was of lace and seed pearls and her veil of French illusion was finger-tip. Her bouquet was of white orchids and lilies of the valley and she carried a lace handkerchief, sent to her from Spain by Miss Kathleen Sage, sister of the bridegroom. Miss Sage is at school in Switzerland.

Miss Diane Jirik attended her sister as maid of honor and the bridesmaids were Miss Mary Ann Heiling of Texas and Miss Patricia Ann Luxem of Minnesota. All wore identical afternoon frocks of pale blue lace with matching Juliet caps and long white gloves. They carried bouquets of white carnations and blue baby breath.

Following the ceremony a buffet luncheon and reception was held in the Hotel Faribault, where the decorations were in blue and white.

Mrs. Sage is a graduate of Bethlehem academy, of Veterbo college and St. Francis School of Nursing in LaCrosse, Wis.

Twenty Families Are Residents Of Area's First Trailer Park

Nestled in a citrus grove in Cucamonga, this foothill area's major trailer park is developing into one of the area's important assets, with Mr. and Mrs. H. R. Lovgren the owners and landlords.

The thirty-one spaces improved with concrete slabs, ornamental street lights and landscaping having filled a need in the area since Indianhead trailer park was opened last year by the Lovgrens.

The trend toward comfortable, sometimes luxurious living in a mobile trailer home is much in evidence at Indianhead park, with the trailer homes there averaging 45 feet in size. More of the 10-foot-wide mobile homes are joining the mobile community, with state law now permitting the wider models to be transported over the highways.

House 20 Families

Twenty families now call Indian head trailer park "home", varying in size and age from a young newlywedded couple to retired senior citizens. Mrs. Lovgren is enthusiastic about the park's tenants, and reports a large percentage of the men are employed by Kaiser Corp., either with Kaiser Engineers, with the Kaiser construction department or at Kaiser Steel mill.

Residents of the trailer park are the following:

Mr. and Mrs. Roy W. Sorg; Mr. and Mrs. Max M. Snavely, Mr. and Mrs. Otto W. Heyer and daughter, Miss Jane Heyer; Edw. N. Peck; Mr. and Mrs. Joseph Enterante, Mr. and Mrs. Clarence Ratley, Mr. and Mrs. Calvin E. Nation, Mr. and Mrs. R. H. Kempter, Mrs. M. L. Keller, Mr. and Mrs. Jos. E. Smith, Mr. and Mrs Robt. Cade and son Robt., 3;

Mr. and Mrs. Floyd D. Roberts and three children, Karen Lynn, 3½, Sandra Sue, 2½, and Pamela Jean, 8 mos.; Mr. and Mrs. Rupert West, Mr. and Mrs. Nelson Hawley and sons, Lyman, 19, and Clark, 10; Mr. and Mrs. Rufus W. Oakey Jr., Mr. and Mrs. Joseph B. Hunt and daughter, Renee Catherine, 4; Mr. and Mrs. Sandy Sands; Mr. and Mrs. Ronald Maust, Mrs. Wilda Hopper, and Mr. and Mrs. Robt. C. Lackey and son, Philip, 18.

Eight Kaiser Men

Many varied and interesting backgrounds and occupations are represented by this group. Residents working with one of the Kaiser concerns include Messrs. Sorg, Heyer, Ratley, Smith, Cade, Oakey, Sands and Lackey.

The Heyers are long-time residents of this area, while the Kempters are new arrivals from New England. The Enterantes are related to the Shapiro family of Cucamonga. Mr. Peck is retired, as is Mr. Enterante.

Other long-time residents of this area are the Oakeys, Mr. Oakey being the son of Dr. Oakey Sr., retired Upland minister and former pastor of Upland First Presbyterian church; and Mrs. Keller, long-time resident and property owner in Cucamonga area and Elsinor.

Cades From England

From England is the Cade family, who are anxiously awaiting the time they receive their citizenship papers; and the Roberts family members are the park's newest residents, having moved from San Fernando valley this week.

With area rock companies are Mr. West, with Canyon Rock Co., and Mr. Hawley, with Holiday Rock Co., both of Upland. Mr. Nation is with Industrial Asphalt, Etiwanda, and Mr. Hunt is a van driver for Canyon City Transfer Co., Azusa.

On Belated Honeymoon

Newlywed residents are the Mausts, who are now on a belated honeymoon trip following their February wedding. They are touring many points of interests with their first major stops at Las Vegas and Arizona's Grand canyon. Mr. Maust is with Shady Grove dairy, Upland, and he and his wife started housekeeping in a trailer as compared to some of the residents who gave up housekeeping for trailer living in their senior years.

Befriended Gopher Bites Girl, Ends Up A Lab Specimen

Little Jane Daum, a native of Alaska who knows her animals better than the average seven-year-old, recently added to her knowledge when a gopher she befriended turnd on her and severly bit her finger.

The daughter of Mr. and Mrs. Jack Daum, 745 N. Second Ave., was walking with her sister, Jalice, when she saw what she thought to be a mole crawling on the ground. She picked up the rodent and placed it in a paper sack. Later thrusting her hand into the sack to retrieve the animal, Jane learned you can't be too careful whom you befriend—as she felt the teeth of the gopher on her finger.

After treatment by a local physician, Jane felt fine and the swelling in the injured finger subsided. The body of the offending gopher was sent to the county laboratory for examination as to possible rabies, with a negative report resulting. It is unusual for a gopher to contract rabies, as they are an underground rodent and rarely come into contact with other animals, but instances of rabies in gophers are on record.

Pierre Woodman, architect, has offices in the western portion of the structure.

On the south side of Ninth St., the new, colorful building is set back to allow for adequate, easily-accessible off-street parking.
